## Improvement for 240.077 Cable Sleeve for Zoom Head

Here is a solution to improve the strength of the cable sleeve for Zoom Heads (240.077) on first Zoom Heads series.

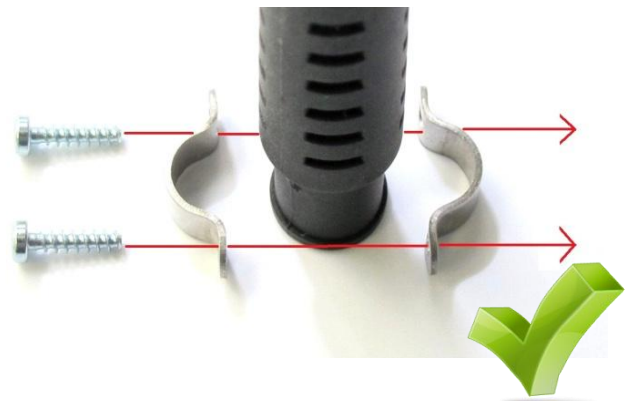

### Solution

The improvement comprises adding a cable clamp between the cable sleeve and the cable fixture.

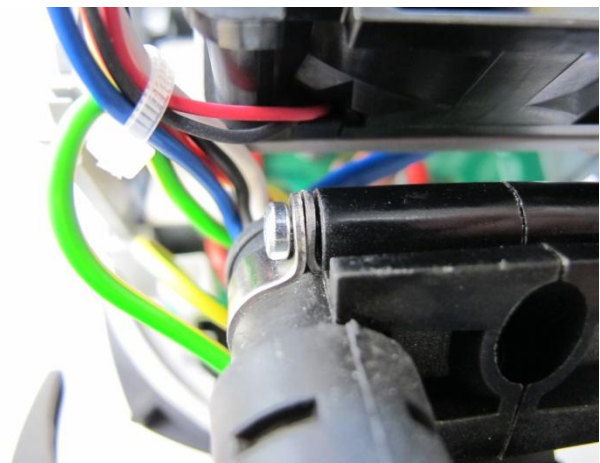

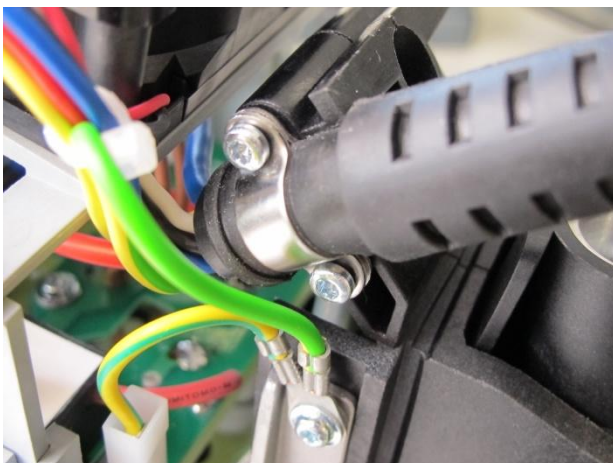

#### Classic mounting

#### Improved mounting

#### Example of the improved mounting

## Spare parts needed

To apply the improvement, you need two new screws **211.823** (more longer), one added cable clamp **240.078** and a new cable sleeve **240.077** if the old is damaged.

Fill and send a warranty request to obtain these spare parts free of charge.
